

NEW PRODUCT LAUNCH

IEC is pleased to announce the launch of our newest Wi-Fi enabled Venture Thermostat. This thermostat introduces modern functionality and mobile apps to meet the demands of today's users.

Features

- Wi-Fi enabled
- IEC Skyport web portal & mobile app for remote monitoring
- IEC Configurator app for Wi-Fi set up
- Retrofit application
- IEC Skyport Setup Service
- 2 or 4 pipe system
- Autochangeover
- 3 Speed fan control
- Staged cooling for active dedhumidification
- Condensate & other alert options
- 7-Day programmable
- Open ADR2.0

IEC has portable, fully functional interactive displays available for purchase.

These displays are a great tool for demonstrating the thermostat and its remote monitoring capabilities, helping you win more business.

Contact your Regional Sales Manager for details on how to get a demonstration kit.
